ann morrison

Jessie Mitchell

Now get benefit for the 1st year, (will check). Long term people who were on income support may have money, I will need to check and will get details of new benefits and if it gets cut.

Try to get patients to manage own money, negotiated with nurses if necessary – make patients as independent as possible.

Losing house after a year maybe if could not afford it or the multi disciplinary team decided they should leave.

Some patients can't budget, if someone has no money they will get money for necessity, money for clothes.

Animal leaflet – re: RSPCA – rehome, communications department.

David Rowland sent “consulting you about local health care” to distribute to members.

Contact Dr Hodlett re: young doctors in training to come to panel meeting.

We need to attract new members; we need to get some publicity.

Hope to put article in Ayrshire Post.

Next meeting of Panel will be on 14th October in Florence Barber room 2 Ailsa Hospital 2pm – 4pm.
